

Christine Miller
Founder and Treasurer

I have been a wildlife carer for many years specializing in possums and flying foxes. I am a founding member of WAIF and, at present, its Treasurer.

I have a Bachelor of Business (Accounting) from the University of Technology and am a member of the Australian Society of Certified Practising Accountants.

I now live on a rural property in the Hunter Valley where I have been able to indulge my passion for animals and also continue my wildlife work.
